# ADRIATIC SEA FORUM (CRUISE, FERRY, SAIL & YACHT)

 Adriatic Sea Forum, the international, itinerant meeting dedicated to maritime tourism in the Adriatic Sea, will be going ashore in Montenegro for its third edition. On 27-28 April, 2017, Budva will be at the centre of the Adriatic maritime tourism sector as a whole.

Adriatic Sea Forum, thanks to its widely appreciated formula, is a crucial meeting point for all players with interests in the cruise, ferry and nautical areas and more generally in the tourism and maritime sectors, who operate partly or exclusively in the Adriatic. Since 2013, the forum has made an important contribution to sharing ideas and facilitating the development of new projects, as well as launching common strategies and business cooperation.

It offers an opportunity to discuss the future development of the Adriatic: a chance to meet people working in the sectors the forum is aimed at, as well as stakeholders operating in different areas with whom new business and projects can be entered into or developed.

The attention Europe and the various European institutions have been devoting to the Adriatic and Ionian region, formally since the launch of the EUSAIR strategy, have helped to make Adriatic Sea Forum, in this sense, an opportunity for all those interested in the maritime and tourism sectors to update, create, share and spread information, projects, knowledge and relationships.

Attending Adriatic Sea Forum offers the chance:

- ~ to get and stay in touch with the operators who work in Adriatic maritime and tourism industries as a whole, whether they are actually based in the countries that look onto the Adriatic or not;
- ~ to establish contacts with important administrators and decision makers;
- ~ to attend conference sessions and also have enough time for business meetings;
- ~ to create new business relationships and strengthen the existing ones; for participants to each present their own projects and activities, results and perspectives;
- ~ to acquire the latest data and information on maritime tourism in the Adriatic area;
- ~ to be part of an exciting process aimed at boosting the development of the Adriatic and be ready to share the benefits and advantages to come.

 Adriatic Sea Forum, međunarodni i putujući forum posvećen pomorskom turizmu na Jadransku, svoje treće izdanje imat će na obali Crne Gore. Od 27.-28. travnja 2017., Budva će biti u središtu Jadranskog pomorskog turizma šireg sektora.

Adriatic Sea Forum, zahvaljujući svojoj cijenjenoj formuli, ključno je mjesto susreta za sve operateres interesima u krstarenju, trajektnom i nautičkom turizmu, te općenito u turizmu i pomorskem sektoru, za sve one koji rade samo ili u Jadranskom kontekstu. Od 2013. godine forum iznimno pridonosi dijeljenju ideja, te olakšanju u procesu razvoja novih projekata, kao i u lansiraju strategija, suradnji i prijedloga.

To predstavlja priliku za zajedničku raspravu o budućnosti i razvoju Jadrana: mjestu gdje se susreću ljudi koji rade u spomenutim sektorima, forum je posvećen njima kao i novim sudionicima koji djeluju i rade u različitim područjima s kojima se produbljuju i razvijaju poslovanja i novi projekti. Zahvaljujući pozornosti koju Europa, sa svim svojim institucijama, posvećuje Jadransku i Jonsku regiju, a službeno od pokretanja EUSAIR strategije, Adriatic Sea Forum je prilika za sve zainteresirane u pomorskom i turističkom sektoru da ažuriraju, stvore, podijele i prošire informacije, projekte, znanje i poznanstva koja imaju.

Sudjelovati na Adriatic Sea Forumu znači:

- ~ doći i ostati u kontaktu s cjelokupnim pomorskim i turističkim sektorom u Jadranskoj regiji, i njihovim operatorima, bilo da oni imaju sjedište u promatranom prostoru ili ne;
- ~ doći u kontakt s važnim posrednicima i izvršnim menadžmentom koji ima moć odluke;
- ~ prisustvovati predavanjima konferencije, a ujedno imati i dovoljno vremena za poslovne sastanke;
- ~ stvoriti nove poslovne odnose i jačati postojeće;
- ~ predstavljati vlastite projekte i tvrtku, rezultate i mogućnosti;
- ~ prikupiti najnovije podatke i informacije u vezi pomorskog turizma u jadranskom području;
- ~ biti dio uzbudljivog procesa poticanja jadranskog razvoja i biti spreman dijeliti dobrobiti i prednosti koje dolaze.

 Adriatic Sea Forum, incontro internazionale ed itinerante dedicato al turismo via mare in Adriatico, sbarca in Montenegro per la sua terza edizione.

I prossimi 27 e 28 aprile 2017, Budva sarà al centro del più ampio settore del turismo via mare in Adriatico. Adriatic Sea Forum, grazie alla sua apprezzata formula, è un appuntamento irrinunciabile per tutti gli operatori che hanno interessi nei comparti crociere, traghetti, nautica e più in generale nei settori turistico e marittimo, operanti solo o anche nel contesto adriatico. Dal 2013 il forum contribuisce in modo forte alla condivisione di idee ed a facilitare lo sviluppo di nuovi progetti, così come al lancio di strategie comuni e collaborazioni tra operatori.

Il forum rappresenta l'occasione per discutere assieme sul futuro sviluppo dell'Adriatico, conoscere chi opera nei settori cui il forum è dedicato così come nuovi stakeholder che svolgono la propria attività in diverse aree e con i quali approfondire e sviluppare nuovi business e progetti.

L'Europa e le istituzioni Europee prestano da tempo particolare attenzione alla macro regione Adriatico Ionica, grazie anche al formale lancio della strategia EUSAIR. Adriatic Sea Forum, un appuntamento di riferimento per aggiornarsi, creare, condividere e diffondere informazioni, progetti, conoscenze e relazioni, contribuisce ulteriormente a rafforzare e diffondere tra gli operatori interessati ai settori collegati al maritime tourism l'attenzione dell'Europa verso quest'area.

Partecipare ad Adriatic Sea Forum significa:

- ~ entrare e restare in contatto con l'industria marittima e turistica in Adriatico, rappresentata non solo da operatori che sono basati in quest'area;

In addition, the maritime tourism industry needs to take a moment to discuss how to promote the area as a whole and how it can be developed in order to obtain the significant role the Adriatic deserves to play at international level. How can the Adriatic become an authentic brand, a recognisable name able to encourage potential tourists to visit it? What further benefits for the area can derive from the development and management of a dedicated strategy that seeks to give the Adriatic a central role within international tourist flows? Once again this year, the opening session of the forum offers the opportunity to listen to the managers of the tourist boards in the Adriatic area discussing how this challenge for the area can be tackled.</small>

<b>CONCURRENT</b>	<b>h. 09.30</b>	<b>Round table 1</b>	<b>The ferry route to discovering destinations in the Adriatic: from the sea to the land</b>
			To what extent do tourists see ferries as an ideal option for reaching destinations in the Adriatic area? How much importance do those destinations place on tourism traffic generated by ferry passengers, with a view to directing and focusing tourism promotion? Is there still scope for ferry traffic to grow, or for ferries to be rediscovered, as an alternative for those wishing to travel in the Adriatic area? The round table discussion will focus on the potential of ferry traffic, on the prospects for development in terms of passengers, on the challenges already met and those still to be tackled, and will pay particular attention to visitors and leisure passengers compared to other segments of passengers on board, important though these are.
<b>CONCURRENT</b>	<b>h. 09.30</b>	<b>Round table 2</b>	<b>From maxi yachts to small boats: how can Adriatic guide the Mediterranean?</b>
			Nautical tourism is undoubtedly one of the cornerstones of the tourist sector in the Adriatic area. However, during the round table, a broader look will be taken at the prospects for the segment. The discussion will focus on the potential of the Adriatic in the wider context of the Mediterranean. To what extent will the Adriatic be able to develop traffic and the economy linked to the nautical sector? What are its strengths and where is there room for improvement to acquire advantages over other nautical tourism areas? These are only a couple of the questions the discussion will revolve around and for which the speakers will attempt to provide an answer.
<b>PLENARY</b>	<b>h. 10.45</b>		<b>COFFEE BREAK</b>
	<b>h. 11.15</b>	<b>Outside the range</b>	<b>Managing the cruise tourism: the choice of Santorini</b>

<b>PLENARY</b>	<b>h. 11.30</b>	<b>Round table</b>	<b>Cruise destinations in the Adriatic: challenges, opportunities and strategies</b>
			This round table will be dedicated to cruise destinations in the Adriatic. The representatives of the cities where cruise tourism has a role to play will be discussing how each one of those cities is handling the challenges, potential and critical issues liable to emerge as a result of the cruise phenomenon there. It is clear that the public authorities in charge of the cities must take a cautious approach to this phenomenon, which can bring advantages for the area, but which can also cause problems that must be dealt with and solved. The representatives of the cruise cities in the Adriatic will be presenting their own cases and discussing the points that emerge from them.

	<b>h. 14.30</b>	<b>Outside the range</b>	<b>Hosting and serving hundred thousands of passengers</b>
			This short discussion with the main representatives of two of the top Mediterranean passenger traffic ports will contribute to focusing the attention of the audience on how to deal with passenger traffic, to smoothly combine and develop different types of traffic (cruise and ferry), to guarantee efficient shipping lines and contribute to the development of tourism in the area concerned.
	<b>h. 15.00</b>	<b>Closing round table</b>	<b>The present and future of maritime tourism: Montenegro as a strength for the Adriatic</b>
			The concluding session of Adriatic Sea Forum 2017 is dedicated to a reflection on the current situation of maritime tourism in the Adriatic and the prospects for the future, with a particular focus on the role of Montenegro, a country whose potential has not yet been fully explored, within the wider Adriatic context. Representatives of associations, public organisations and international bodies of various kinds linked to the world of maritime tourism and tourism in general, will first and foremost attempt to describe the current situation, providing the audience of stakeholders attending the forum with ideas, advice and tips on the strategies to adopt to become and remain competitive and on future developments in the area.
